SHIPPING POLICY/ AGREEMENT

1. VALUE OF GOODS/RECEIPT.

Customers must declare the exact value of the materials/goods tendered for export shipment with the receipts or invoices. If the value of the good is more than \$2500.00, shippers will be required to file/complete shipper's export declaration form known as automated export shipment (AES).

2. CUSTOMER'S IDENTIFICATION:

Customers must make available copy of their photo ID.

3. DANGEROUS GOODS.

The following dangerous materials are not acceptable for shipment: explosive material (ammunition, firework, distress signals, smoke signals...), compressed gas (camping stoves, aerosols....), flammable (matches, lighters, paints, varnish, petrol...) corrosive and oxidizing material, bleach, wet batteries, mercury (e.g. in thermometer and barometer), sodium..., toxic material, radioactive material, household goods such as paints, aerosols, bleaching powder, chlorine.

4. EMBARGO:

Textile, bags, furniture and shoes are forbidden into Nigeria. Shipment of these materials is at the senders or owners risk.

5. CUSTOMS.

All export shipments are subject to custom check/inspection both in the United States and overseas. Prinaj Services Inc. take no responsibility for any export shipment that is put on hold or ceased by either U.S or overseas customs.

6. LOSS/DAMAGE ITEMS.

Export shipments are usually carried as cargo through airfreight and subject to "at air" condition and airline cargo shed handling. Prinaj Services takes no responsibility for any damage items during airport transit but shall make efforts to trace loss/damaged item on the export shipment and ensure adequate compensation from the Airline.

7. DELIVERY TIME:

We guarantee delivery of export shipment within one week from the time the consignment leave the United States. However, depending on the volume of cargo received by the Carrier (Airline) for shipment and custom inspection, there may be delay of some days or weeks before the consignment arrives at the final destination.

CUSTOMER'S CONSENT/DECLARATION

By signing this document, I agree that I have read and understand the contents and hereby authorize Prinaj Services to act as forwarding agent under the terms and conditions stated above.

AIR CARGO INSPECTION CONSENT FORM

The Transportation Security Administration requires that all Indirect Air Carriers must receive consent from shippers for the inspection of their cargos. Indirect Air Carriers WILL REFUSE to offer any transportation by air of any cargo shipment if the shipper DOES NOT consent to an inspection of the cargo. This is required under the Indirect Air Carrier Standard Security Program.

These cargo security measures are taken very seriously and if they are not complied, PRINAJ SERVICES INC. will be unable to route the cargo. By signing below, you give PRINAJ SERVICES INC., permission to inspect the cargo being shipped.
